CDD VAULT 20 YEARS OF EXCELLENCE

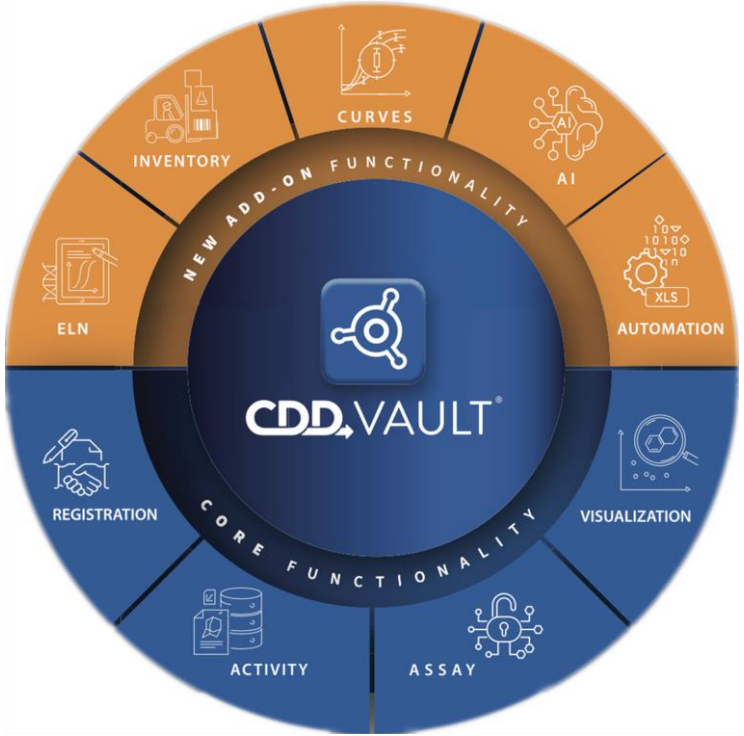
CDD Vault is a comprehensive Drug Discovery Data Management system, enabling distributed research teams to collaborate securely in real-time, making better decisions faster at significantly lower costs.

Global Presence

Trusted by over 650 customers worldwide.

Growth

Expanding user base quarter over quarter.



Team Excellence

> 100 staff members across North America, Europe, and Asia Pacific

Customer Satisfaction

95% renewal rate, reflecting high customer satisfaction and loyalty

CDD VAULT®

Complexity Simplified

Registration

A modern web application for your chemical and biological registration. Capture, organize, and share all your data in one single source of truth.
